## Mission

The Walker Scottish Rite Clinic for Childhood Language disorders of St. Louis, Inc. is committed to teaching two- through six-year-old children with speech and language disorders the communication skills necessary to succeed in school and throughout their lives. This goal is achieved through early identification and long-term therapy and by training parents in techniques to use with their children at home.

Giving Tree Program

Giving Tree Program

The Walker Scottish Rite Clinic's Giving Tree program was established in 1997 to help provide funding to support speech and language therapy at the Clinic. The Giving Tree, located in the St. Louis Clinic, is seen by dozens of people every day as families come and go for speech and language therapy. The Giving Tree will be transplanted when the Clinic moves to Maryville University in 2014.

Each leaf on the tree honors a person or event, provides a lasting memorial to a loved one, or is the name of a person loyal to the Clinic. You can help the Clinic's Giving Tree prosper by adding a Gold or Silver leaf to the Giving Tree and help the children at the Clinic. Whatever the reason for adding a leaf, each one helps the tree and the Clinic grow.

Gold $1,000   -   Silver $500

You may use up to four lines for text. Gold leaves represent $1,000 donations and Silver leaves represent $500 donations. Please allow two weeks for production and installation.

To learn more about the Giving Tree program, please contact Mona Monteleone, Development Director, at 314.533.7415 or mona@srclinic.org.
